From the Vice Chancellor's desk

Sikkim University is a central university established in 2007 by an Act of Parliament and is fully funded by the University Grants Commission, New Delhi. At present the University has 29 academic departments organized under 6 Schools of Studies. The University has also established two research centres, viz., Maulana Azad Centre for Northeast Studies funded by Maulana Abul Kalam Azad Institute of Asian Studies, Kolkata and Centre for Endangered Languages funded by the UGC. The University has been accredited by the National Assessment and Accreditation Council (NAAC), Bangalore and accorded grade 'B' with CGPA 2.60 which is valid till June 2020.

The University has also started a special scheme called "University Research Award" in order to support socially relevant, interdisciplinary and innovative research by faculty members of the university and to encourage quality publication by them. Although only 9 years old, Sikkim University has been listed among India's top 200 universities (out of 720 odd universities in the country) according to EW National University Rankings 2015 and ranked 61st position by the National Institutional Ranking Framework (NIRF) conducted by the MHRD, Government of India in 2016.

The University follows the semester system and choice based credit system about which more details are available in this prospectus. The 136 regular faculty members are supported by Professors on Contract (5), guest faculty members (34), Tutors (6) and adjunct faculty members (23).

The University has launched online admission since 2015. This has helped students to apply from any part of the world and made it possible for us to process the students' data a lot more efficiently and quickly than it was before. The chances of human error were also minimized. The University has a Central Admission Committee to decide on policy issues and monitor the admission process so that the Government of India rules are not violated and no injustice is done to any candidate.

The preparation of a prospectus is a tedious task that involves almost every department of the University. For coordinating this task Dr. Suresh Gurung, Joint Registrar (Acad.) and his team deserve appreciation. For further information kindly log on to www.cus.ac.in

About Sikkim University

Sikkim University is at present located in and around Gangtok, the capital of Sikkim, which borders Bhutan, China and Nepal on its east, north and west respectively. Sikkim is also one of the world's richest bio-diversity hot spots. As an affiliating university, it has many responsibilities towards its affiliated colleges. The University is mandated to contribute to the nation-building process by mobilizing the rich intellectual heritage of the State of Sikkim, by promoting the creative talents of its youths and by developing itself as a premier national institution.

Sikkim has been adjudged by Lonely Planet as the world's number one destination for tourists. The nearest airport is at Bagdogra, off Siliguri city of West Bengal. The distance between Bagdogra and Gangtok is about 124 km. Taxis to Gangtok are available on hire at the airport. A helicopter service is also operated regularly between Bagdogra and Gangtok by the Sikkim Tourism Development Corporation. The nearest railway station is New Jalpaiguri Station (NJP), which is about 125 kms from Gangtok. All trains to and from Northeast India stop at this major junction. Gangtok is well-connected by road with Siliguri, Darjeeling and Kalimpong by the National Highway 10. There are regular services of Sikkim Nationalized Transport buses between Gangtok and Siliguri. Private buses and light vehicles are also available on hire from Siliguri, New Jalpaiguri and Bagdogra for coming to Sikkim.

Sikkim University is in the process of building a greenfield campus on a plot of land measuring 300 acres at Yangang in the South District of Sikkim and 56 kilometers from Gangtok. The Government of Sikkim has handed over major portion of land for the purpose and the Hon'ble President of India, Shri Pranab Mukherjee, in his capacity as the Visitor of the university, has laid the foundation stone of the campus on April 16, 2013 in the august presence of the Governor and the Chief Minister of Sikkim.

The site of the campus is connected with Singtam town by a State Highway. On the northern fringe of the campus is a model tourist village with traditional houses, ultra-modern conferencing facilities, children's park, etc. On its western front lies the upcoming skywalk project at a height of about 11,000 feet atop 'Bhalehdhunga' rock and overlooking the upcoming University campus. 'Bhalehdhunga' is also a prime destination of adventure tourists and will be accessible from the campus through a trek route.

A leading architectural firm from Chennai has been engaged to design the buildings and prepare the master plan of the campus. The campus will be fully residential with administrative cum academic complex, residential complex, school, students' hostels, sport complex, and market complex with restaurants, departmental stores and other utility stores. The buildings will be centrally heated with solar power and /or organic gas. The buildings will be disabled-friendly and having GRIHA-3 compliance. The buildings in administrative cum academic complex will be connected with wide footpaths with overhead roofs. The campus will also have an animal house, a horticultural garden, a botanical garden and so on. Water harvesting and sewage treatment plants will also be integrated into the campus plan. The project is estimated to cost over eight hundred crores and will be commissioned in the course of next two years.

Simultaneously with the planning of a world-class infrastructure, the University has been focusing on teaching and research activities in a big way. The revision of the undergraduate and postgraduate syllabi is undertaken from time to time. The University is facilitating its young faculty members to go for Refresher and Orientation courses in other universities and participating in various seminars in India. The University also invites a large number of specialists from various parts of India to teach and train the students in special areas of knowledge besides sending the students for study tours, fieldworks and internships to various parts of the country.

II. Choice Based Credit System (CBCS)

The University follows Choice Based Credit System (CBCS) system to a limited extent. The CBCS is considered to be an important part of reform process initiated in order to enhance quality of higher education. The system allows a paradigm shift from teaching oriented to learner centric education. The CBCS fulfills the following objectives:

- To promote learner centeredness in higher education institutions.
- To encourage inter-disciplinary learning without sacrificing the domain knowledge.
- To allow greater autonomy to the teachers with higher responsibility.
- To promote mobility of students across institutions.
- To continuously evaluate students and help in optimization of learning.
- To introduce transparency in the evaluation system.
- To promote teacher-student relations and engagement.
- To improve employability among students.

II.1 Credit and Grading:

Credit is a value or weightage given to a number of classes taught or marks assigned to a particular paper / course / programme. In order to complete a Master's programme a student must ordinarily earn 64 credits for general subjects, 80 credits in Mass Communication and 128 credits in MBA. One credit in Sikkim University is equivalent to 15 classes or 25 marks.

At Sikkim University, the marks obtained by a student in a paper or semester examination are converted into numerical grade point and alphabetical grade in a 10 point scale as per details given here under:

Marks in %	Grade Point Scale	Grade	Grade Point
90 and above	9.0 and above	O	10
80 – 89.99	8.0 – 8.9	A+	9

12. Examination and Evaluation

Evaluation and assessment methods followed by any institution of higher learning are of vital importance in estimating the overall progress of its students. Since its inception, Sikkim University is one of the pioneer institutes of higher learning in the region to have introduced the semester system besides adopting several other new measures to enable fast, accurate and quick processing of the evaluation linked works.

As of now, it has in place a continuous and comprehensive evaluation mechanism wherein its students are required to go through 2 sessional tests for UG courses and 3 sessional tests for PG courses, and an end semester examination as mandatory components of the evaluation exercise. The university has introduced the CBCS from 2012 and is actively considering, in compliance with the UGC guidelines in the matter, to get the end-term examination scripts of core papers evaluated externally. Accordingly, students admitted to the privileges of this university are required to go through the following:

12.1 Subject/Paper wise Evaluation Pattern:

Semester wise Evaluation Process . Each paper has 4 credits	Weightage
First Sessional Test (for both UG and PG courses)	25 %; 1 credit
Second Sessional Test/ Practical Tests wherever applicable (for both UG and PG courses)	25 %; 1 credit
Third Sessional Test (for PG courses only)	25 %; 1 credit
End Semester Examination (for both UG and PG courses)	50 %; 2 credit

Note:

First Sessional Test will be a Theory Test.

Second Sessional Test may either be a theory or a practical test.

University departments will hold three Sessional Tests out of which the best two will be counted for computation of SGPA.

12.2 Award to Meritorious Students:

Sikkim University has introduced a scheme under which all toppers in undergraduate and post graduate degree examinations in different subjects of studies are awarded gold medals and silver medals to the second best performers in each subject. These prestigious awards are made to the awardees personally at the Convocation ceremony of the University.

13. Central Library

13.1 Introduction

Library is the heart of University activities. Presently it is housed in a four storeyed building having an area of 9000 sq. ft. It has sitting capacity of more than 150 users at a time. Though the library is hardly 9 years old, it can be compared with any modern university library of the country. It is well-equipped with modern furniture, infrastructure and other facilities. The concept of modern library implies the adoption of all possible new technologies to serve the users to

their utmost satisfaction. This objective of the library has successfully been achieved by generating new automated services. Library provides web-enabled accessibility to its resources including Online Catalogue system.

13.2 Collection

The total collection of the library is over 45,000 books which are all RFID tagged for circulation and security purpose. Library subscribes to more than 220 foreign and Indian journals, some of which are available in print as well as e-format. On an average library acquires 4000-5000 books every year. It also subscribes to about 20 popular magazines and 21 daily newspapers.

13.3 Services

In a user friendly atmosphere, library has introduced self-check-out and check-in system of circulation of books about four years ago, thereby users have least dependence on library staff for issue and return of books. One time online facilities of renewal and reservation of books of a specific transaction for 15 days have been provided to the users. It is also connected with Wi-Fi facilities to access internet resources available under UGC-Infonet which provides access to over 7000 e-resources. To supplement these resources, the library also subscribes to **IndiaStat database**, **Economic Outlook** and **DelCON** (Database of Biotechnology, Library Consortium) which includes following number of e-journals for the year 2016-17:

i)	Elsevier Science Journals	425
ii)	Springer Journals	339 including 305 complimentary journals
iii)	ACS	47
iv)	Wiley	83
v)	MAL (Mary Ann Liebert, Inc. publishers)	92 (85 Journals are complementary)
vi)	Nature Publishing Group	36 Journals

Web Address of DelCon (Consortium) is : <http://delcon.gov.in/eresources.htm> which provides access to above e-journals.

For the guidance of students, library has opened Career Information Centre having collection of career oriented books and other related material. This is of some help to the students preparing for competitive examinations including CBSE-UGC-NET and CSIR related tests and examinations. This will be further strengthened during the year.

13.5 Digital Repository

Library has initiated digitization work on *Himalayan Studies*, *Literature on North East India* with emphasis on *Sikkim*. All published material on these areas have been digitized and archived and made accessible on Internet. In addition to this Institutional Repository (digitization of all publications of the faculty and other University publications including proceeding of all meetings, etc.) have also been made available on net. It is also digitizing content pages of all the back issues of the journals available in the library for wider accessibility and future use. Repackaging of Open Access e-resources are being put in the digital repository.

13.6 Science and Departmental Libraries

Since the departments of the University are located at distant places from one another and away from the Central Library, therefore some departmental libraries have been established during 2015 for easier accessibility of commonly referred books at the departmental levels. In addition to Departmental Libraries, Central Library has its branch library named as *Science Library* established in 2011 to cater to the needs of students at the Science Block in Tadong where science related books are transferred after technical processing at the Central Library.

14. Field Visits / Internships

14.1 Field Visits / Study Tours:

In addition to classroom tutelage, students of Sikkim University are encouraged to visit places of academic importance in order to gain first-hand knowledge and experience on the subjects taught. The syllabi of many of these programmes are designed to make such visits mandatory. Financial assistance is given to students for carrying out field visits and study tours as per the norms of the University.

14.2 Internships:

Students pursuing certain programmes are required to undergo compulsory internship in various organizations/industries to familiarize themselves with the actual working environments. Normally, one internship is a must during one academic year, to be generally performed during the vacation. The financial assistance is given as per the rules of the internship. The internship programmes are designed to encourage students to identify their potential fields of specialization, thus helping them to work out future placements.

15. Hostels

Sikkim University has eight hostels – four each for girls and boys. The hostels are located in hired premises, and the infrastructure is modest. Further expansion of hostel facilities is not possible due to difficulty in finding appropriate space and availability of water. Demand for seats in these hostels is very high. While the University makes utmost efforts to accommodate as many applicants as possible it cannot ensure 100% accommodation in its hostels. Admission to hostels will be made for the full course of the programme subject to ouster for non-observance of hostel norms and

discipline.

Booking for admission to hostel accommodation can be made online at the time of filling of online admission form. All applications received on or before May 28, 2016 will be scrutinized by the Hostel Admission Committee headed by the Provost. Hostel accommodation is based on merit, availability of seats, departments and the reservation policy of the Govt. of India. No applicant from areas in and around Gangtok is eligible to get hostel accommodation.

16. Transport Facility

The University provides free uninterrupted bus service to its students. These buses run between its starting point and end point at fixed intervals as notified by the bus coordinators at the beginning of every semester and the same is displayed in all the departmental notice boards. Various pick-up points are identified between the starting point and end point from where one can board the buses.

17. Gymnasium
